CERTIFICATE OF CONFORMITY **for food contact material and consumer products**

Packaging buckets and lids made of polypropylene PP

We hereby confirm that our products – packaging buckets and lids – comply with the legal regulations of the **Consumer Goods Ordinance (German BedGgstV)** as well as with the **Regulation (EC) No. 1935/2004**.

All materials and raw materials used comply with the **Regulation (EU) No. 10/2011 from 14th January 2011** (and its amendment) and the BfR Recommendations on Food Contact Materials.

The production complies with the **GMP- Regulation (EC) No. 2023/2006** and is certified to the BRC / IOP Global Standard.

Applications:

Aqueous, alcoholic, fatty and acidic food at room temperature.

The **overall migration** as well as the specific migration meet the legal migrations limit in case of use according to specification. The test was carried out according to the requirements of **Regulation (EU) No. 10/2011**:

Food contact conditions 10 d at 40 °C (standardised testing conditions OM2). This test covers any long term storage at room temperature or below, including heating up to 70 °C for up to 2 hours, or heating up to 100 °C for up to 15 minutes.

Rechtsform:
GmbH mit Sitz in Wipperfürth

Christof Kölschbach

Surface volume ratio

The surface volume ratio is 6 dm²: 1 kg.

Heavy metal concentration

Our products comply with the requirements of **Directive 94/62/EC** of the European Parliament and of the Council vom 20. Dezember 1994 of 20 December 1994 über Verpackungen und Verpackungsabfälle on packaging and packaging waste, Article 11 (1) regarding the amount of lead, cadmium, mercury and chromium VI.

Printing ink

The printing inks used by us comply with the guideline of the European Printing Inks Association (**CEPE / EuPIA**), which refers to „printing inks for the use on the food-averted surface of food packaging and items“.

Retraceability according to regulation (EC) No. 1935/2004 of the product is ensured by the pallet label.

There are no objections to the use of this product for the production of articles of daily use in terms of **§§ 30 and 31 of the German Food and Feed Code (Lebensmittel-, Bedarfsgegenstände- und Futtermittelgesetzbuchs LFGB)**, current status quo, however, only for our production state.

From beyond the regulatory standards of suitability of the product for the intended filling (as mentioned above), the user has to convince himself.

A renewal of this statement occurs by change of the law situation, when substantial changes in the composition or production occur that bring about changes in the migration from the materials or articles or when new scientific data becomes available.

Jokey Plastik Wipperfürth GmbH

A handwritten signature in blue ink, appearing to read 'U. Billstein', is written over a faint, light blue circular stamp.
